

Rerate/Restart Explanation

After the First 10 Week Session (Weeks 1 – 10 of Match Play) and prior to the start of the Second 10 Week Session (Weeks 11 – 20 of Match Play) all players will be rerated as defined herein.

New Original Rosters will be published for all of the involved teams. Said Rosters will be determined by the "active" players that were rostered and playing in Weeks 9 and 10 of Match Play.

This rerating may cause players and teams to exceed individual and/or team point caps. Said players and teams are legal participants in their original flights.

The new ratings will be the basis for Parity Points in the Second Session.

In the Second Session, the divisions are the same as the First Session; and all teams start the Second Session with a 0 – 0 record (Restart).
